Who Is Envisionary Images?

Envisionary images was conceived for one reason and that reason was to help the church reach it's full design potential. To utilize the power of design excellence to reach out to the community. Founded in 1996 in Tulsa Oklahoma we started our business with logo design, graphic design, and some facility design. In 2011 we turned our focus to welcome center furniture design and construction. We have a substantial base of extremely satisfied clients and our furniture design and construction is second to none.

What's in this catalog?

In this catalog and on our websites you will find two kinds of welcome center furniture:

Custom Designed and Constructed

Our claim to fame is our custom designed welcome center furniture. We pride ourselves in our unique approach to design and our commercial quality construction. You will find that we are unique in our approach to design in that if your budget qualifies for a purchase of our custom designed desks, we will go the extra mile to provide you with 3D renderings based on your exact needs at NO CHARGE. Even if you decide after seeing our custom design that you do not wish to purchase your furniture, you will not be charged for any design work. Your 3d designs can be used to present to your members and committees for fund raising and decision making.

Prefabricated Furniture

For those who have a smaller budget but don't want to sacrifice quality and beauty, we have our prefabricated lines of OFM and Flash Furniture. We are authorized deals of both of these high quality furniture lines with a proven track record building fine furniture.

Custom Welcome Desks

Envisionary Images takes great pride and care in providing our customers with beautiful custom-crafted furniture options that offer creative solutions to meet any and every church center need, custom built to achieve optimum aesthetics and versatility. Our originally designed welcome desks offer an expansive array of customized size and feature options, with innovative configurations created exclusively to fit our customers' visions and needs. Welcome desks are built to fit your specific size dimensions, with design options that range from our current extensive selections to brand new original designs that we will build for any unique inspiration. Our welcome desks also offer an impressive variety of beautiful custom choices for body and countertop finishes, single or multiple unit options, specialized cabinet and drawer configurations, locking mechanisms, multi-level builds, lighting and outlet capabilities, plexiglass or milk plex accents, and much more.

You will find that we are unique in our approach to design in that if your budget qualifies for a purchase of our custom designed desks, we will go the extra mile to provide you with 3D renderings based on your exact needs at NO CHARGE. Even if you decide after seeing our custom design that you do not wish to purchase your furniture, you will not be charged for any design work. Your 3d designs can be used to present to your members and committees for fund raising and decision making.

Our Commitment To Quality

Envisionary images is committed to designing and build commercial grade, high quality furniture. We will not quit until you are completely satisfied with your final product. If your furniture is received with damage or is not the finished product you expected with the features that you ordered, we have partners across the United States that are on standby to make it right at our expense. Our furniture is built to last years and years. Due to the nature of custom furniture, we do not accept returns on any custom furniture, how ever if you purchase on of our prefabricated lines, we do have return policies in place. (see OFM return policy below)

IMPORTANT SHIPPING INFORMATION, PLEASE READ:

In the unlikely event that damage is present at the time of delivery please make notes at the time of delivery and notify the driver of any damage noted. Take pictures immediately and get the driver to sign something noting any damages. Any shipment that is noted as damaged at the time it is received will likely not be covered under the insurance coverage.

All of our custom furniture is shipped with insurance against damage, please make note of crate and furniture damage at the time you receive your furniture. Be sure to get the driver to sign off on any damage noted. Take pictures when at all possible to document the damage as it makes the process a lot easier.

OFM PREFABRICATED FURNITURE RETURN POLICY

Before returning any product to OFM you must obtain a return merchandise authorization (RMA) number. The preferred method to obtain this authorization is to login to your OFM account and use our Online RMA feature. The online process is paperless and by far the most efficient way to process your returns. We still accept requests via fax and email as well. To process returns using this method, please download our Return Authorization Form and either email it to returns@ofminc.com or fax it to 919-362-4765. The Return Authorization Number will always have the prefix "CQ." Merchandise returned without the CQ number written on the outside of the carton will be refused by OFM.

Returns are accepted at OFM's North Carolina warehouse ONLY and must be shipped prepaid. No collect shipments will be accepted. Returns for credit must be made within 30 days of the day merchandise was received by customer. Return Authorizations are valid for 30 days from the date of issue.

All returns must be shipped in the original OFM carton and are subject to inspection to ensure that all components are included and the product is resalable. If a customer does not have original cartons, OFM will provide them and will bill for the packaging materials and the freight to get it there.

OFM reserves the right to inspect all returns and determine applicable restocking and/or re-boxing fees, if any. A minimum fee of 25 percent will apply for re-boxing and/or re-stocking only. Additional fees may be assessed for missing or damaged part(s) or for any product returned in a not like new condition. Special or custom orders are not returnable.

All warranty parts are available for replacement at no charge and are shipped via UPS ground service. If upgraded service is required, the customer will be billed the difference in freight. Our freight carriers, including UPS, reserve the right to institute fuel surcharges on some or all shipments, without prior notice.

You can also visit the OFM website if you are interested in looking at what else they offer that we can supply for you. www.ofminc.com
